#### Returns and Cancellations:

Last minute cancellations or amendments will incur transport costs for the return in line with the courier's charges.

If you change your mind on receipt of your order, we are happy to accept a return of the goods provided that the condition is as sold and that the material is ideally in its original packaging.

The customer is responsible for arranging for the goods to be returned at their cost and for ensuring the goods are suitably packed for transit.

Should you wish to return an item to us, you must notify us in writing 14 days from receipt of the goods. You must contact us prior to arranging the return. A refund would then be raised on receipt and inspection of the goods returned. We are unable to accept returns of excess stock/leftovers.

#### Breakages:

We must be informed of any breakages (exceeding 10% of your order) within 14 working days of the material being delivered. All reports of damage / faults or breakages must be supported with

photographic evidence (within its original packaging). When ordering your paving you always include at least 10% for cuts, wastage and breakages. We treat each report of damages separately at our discretion. Please allow a tolerance for a small number of breakages to occur in transit. In some cases, we may credit for breakages which occur in transit.
